

PediaFER™

helps to form red blood cells and helps in their function.

- mineral supplement
- a factor in the maintenance of good health.

MEDICINAL INGREDIENT:

EACH mL CONTAINS:

Iron (as Ferrous Sulfate)..... 15 mg
 (Equivalent to: Ferrous Sulfatev 75 mg)

DOSAGE:

Take with food. Take a few hours before or after other medications.

- Infants 0–12 months 1 mL once per day
- Children 1–3 years 2 mL once per day
- Or as directed by a healthcare practitioner

When iron solution is given to infants, some darkening of the teeth may occur. This can be removed by rubbing the teeth with baking soda.

The usual appearance of the solution is colourless, but it can vary from bluish-green to gold. This does not affect the efficacy and potency of the product.

WARNINGS:

- Keep out of reach of children.
- There is enough drug in this package to seriously harm a child.

NONMEDICINAL INGREDIENTS

Citric Acid, Lemon Flavour, Purified Water, Sodium Bisulfate Monohydrate, Sorbitol and Sucrose.

Child resistant package.

Do not use if safety seal is broken.

Store between 15°C and 30°C.

Always direct the patient to read the label.
