

# PediaVit™ Multi

is a factor in the maintenance of good health.

- Vitamin A helps to maintain eyesight, skin, membranes and immune function, and in the development and maintenance of night vision, bones and teeth.
- Vitamin C helps the body to metabolize fats and proteins, in the development and maintenance of bones, cartilage, teeth and gums, in connective tissue formation and in wound healing, and is an antioxidant for the maintenance of good health.
- Vitamin D helps in the development and maintenance of bones and teeth, and in the absorption and use of calcium and phosphorus.
